SEC. 816. STUDY ON FEASIBILITY OF DEVELOPMENT OF A PUBLIC INTERNET WEB-BASED SEARCH ENGINE ON WIND TURBINE INSTALLATION OBSTRUCTION.

(a) STUDY.—The Administrator of the Federal Aviation Administration shall carry out a study on the feasibility of developing a publicly searchable, Internet Web-based resource that provides information regarding the acceptable height and distance that wind turbines may be installed in relation to aviation sites and the level of obstruction such turbines may present to such sites.

(b) CONSIDERATIONS.—In conducting the study, the Administrator shall consult, if appropriate, with the Secretaries of the Army, Navy and Air Force, Homeland Security, and Energy to coordinate the requirements of each agency for future air space needs, determine what the acceptable risks are to existing infrastructure of each agency, and define the different levels of risk for such infrastructure.

1 (c) REPORT.—Not later than 1 year after the date
2 of enactment of this Act, the Secretary shall submit a re-
3 port on the results of the study to the Committee on
4 Transportation and Infrastructure, Committee on Home-
5 land Security, Committee on Armed Services and Com-
6 mittee on Science and Technology in the House of Rep-
7 resentatives and the Committee on Commerce, Science
8 and Transportation, Committee on Government Affairs
9 and Homeland Security, and the Committee on Armed
10 Services in the Senate.
