

**AMENDMENT TO H.R. 2187, AS REPORTED
OFFERED BY MS. GIFFORDS OF ARIZONA**

In section 309, add at the end the following:

1 (d) EDUCATIONAL CURRICULUM AND DISPLAY.—
2 Whenever funds described in subsection (a) are used to
3 install a green roof or a renewable energy system, the
4 project shall include an educational display component.
5 The display shall demonstrate the functioning of the
6 project and explain its benefits to the school and the nat-
7 ural environment. The display shall be designed and lo-
8 cated so as to facilitate learning about the project by the
9 students attending the school. School personnel are en-
10 couraged to integrate learning about the project into the
11 appropriate science, economics, and other curricula.
